✓ Open and Secret Voting

Concentrate on the content of your agenda and the selection of the right candidates for the forthcoming elections committee. We take care of the proper and legal unimpeachable conduct of your Votes.

This software is meant for Parliamentary or council style voting.
It allows the voting results per Delegate/Politician and Party to be shown either open (with actual votes shown on the screen against each vote, colour coded to indicate who voted what) or secretly (with votes shown as they are cast but without displaying who voted what).
